

ASD Presentations

SpeechWorks Inc. offers workshops about Autism Spectrum Disorders. Stephanie Harvey, Speech-Language Pathologist, designs each workshop to meet your needs.

Find out about the characteristics of ASD, including common strengths and common challenges. Explore how and why children communicate, how to set goals for language learning, and how to help children reach their goals. Learn specific strategies to help children with ASD thrive. Discover tools such as routines, visual supports, music, books, toys, and technology - tools that parents and schools can use to support children in their natural environments.

Stephanie is a Speech-Language Pathologist with 20 years' experience, including 16 years supporting children with speech and language difficulties in schools. She offers individual therapy to help children develop their speech and language skills, as well as group programs to work on social language and related skills.

Workshop fees:

- 1 hour: \$30/person (8 person minimum)
- 2 hours: \$50/person (8 person minimum)
- 3 hours: \$70/person (8 person minimum)

Please contact Mara Manzato, Communication Disorders Assistant at SpeechWorks, for more information or to register.
